RACGP 2011-2013 Triennium

Join other Sydney GPs in an interactive educational session by leading Macquarie University Specialists. As well as learning about developments in their respective fields, you will have the opportunity to raise questions and discuss issues with these specialists.

Registration commences at 6.30pm with drinks, followed by rotating presentations by specialists, with round-table discussions. Dinner will be provided. The event will conclude around 9.45pm.

Hand Surgery at Macquarie University Hospital

The Hand Unit team at Macquarie University Hospital is headed by Associate Professor Graham Gumley. The unit provides integrated care for people with musculoskeletal and neurological disorders of the hand and upper limb.

We provide a comprehensive approach to the care of hand conditions, whether the result of trauma, arthritis, occupational overuse or nerve compression. With our team of Fellowship trained Hand Surgeons, qualified Hand Therapists and internationally qualified specialist staff we focus on preventing impairment, restoring function and enhancing our patient's participation in life.

ASSOCIATE PROFESSOR GRAHAM GUMLEY

FRACS, FRSEd (Orth), FAOrthA

Associate Professor Graham Gumley is the Head of the Macquarie Hand Unit with prior appointments with Harvard and Boston Universities, and is the former vice chairman of Orthopaedics at the Lahey Clinic, Boston and Director of the Sihanouk Hospital Center of HOPE in Phnom Penh. He will host the evening and introduce his specialist colleagues.

DR MARK RIDER

FRCS, FRCS (Plas), FRACS

Dr Mark Rider is a qualified Plastic Surgeon who manages all soft tissue and bone problems in the hand with a particular interest in peripheral nerve surgery and reconstruction following trauma.

Dr Mark Rider will be discussing hand injuries, with an emphasis on primary management and referral guidelines.

DR NICHOLAS SMITH

FRACS, FAOrthA

Dr Nicholas Smith is an Orthopaedic background Hand Surgeon whose interests include hand and wrist surgery, particularly wrist arthroscopy, thumb arthritis and congenital hand surgery.

Dr Nicholas Smith will be discussing arthritic conditions of the hand, particularly the base of the thumb.

DR ANNE WAJON

CHT, BAppSc (Phy), PhD

Dr Anne Wajon is a physiotherapist with several years experience in treating the hand and upper limb. She has hand therapy practices at Hornsby and Dee Why, and in 2010 joined Prof Gumley to set up the Macquarie Hand Unit. Anne enjoys the clinical and academic aspects of hand therapy and completed her PhD on the management of carpometacarpal osteoarthritis in 2006.

Dr Wajon will be discussing an evidence-based approach to the diagnosis and conservative management of carpometacarpal osteoarthritis, and will demonstrate various splinting alternatives for the management of this condition.

DR MICHAEL DOWD

MB, BS (Hons1), BSc, DipHandSurg, FRACS

Dr Michael Dowd FRACS is a fully qualified Plastic Surgeon who is a member of the Australian Hand Surgery Society and The NSW Hand Association. He has a special interest in hand surgery and his main interests are in soft tissue disorders of the hand such as carpal tunnel syndrome, Dupuytren's Disease, trigger finger, lumps in the hand, mucous cysts, ganglions, arthritis and De Quervain's Disease.

Dr Dowd will be discussing Dupuytren's Contracture and other soft tissue problems of the hand.
